Proposed Placing to raise approximately £1.5 million Conditional acquisition of strategic stake in Hydrogen Valley Limited, enhancing biofuels and industrial gas capabilities

The Company announces it is carrying out a placing (the "**Placing**") to raise approximately £1.5 million, before expenses, by way of the issue of approximately 555,555,555 new ordinary shares in the capital of the Company (the "**Placing Shares**") to certain existing shareholders and other investors at a price of 0.27 pence per share (the "**Placing Price**"). The Placing Price represents a discount of approximately 6.90 per cent. to the Closing Price of 0.29 pence per Ordinary Share on 18 December 2024, being the latest practicable date prior to the publication of this

Announcement. The Placing Shares are being issued pursuant to the Company's existing share authorities.

In addition, the Company is pleased to announce the acquisition of an interest in Hydrogen Valley Ltd ('**Hydrogen Valley**' or '**HV**') and its subsidiary Greenswitch srl ('**Greenswitch**' or the '**Project**') (the "**Acquisition**").

This transformative acquisition marks a significant step in 80 Mile's strategy to become a vertically integrated exploration & production company for petrochemicals as well as industrial and natural gases. The intention is that 80 Mile will establish a new industrial gas and petrochemical business unit, which will work to diversify the Company's portfolio to include biofuels, sustainable aviation fuels ('**SAF**'), glycerine and green hydrogen.

The following sets out the background to, and the reasons for, the Placing and the Acquisition and explains why the Directors consider the Placing and the Acquisition to be in the best interests of the Company and its Shareholders as a whole.

Capitalised terms used but not otherwise defined in this Announcement shall have the meanings ascribed to such terms in Appendix II of this Announcement, unless the context requires otherwise.

Use of Proceeds

The Company is seeking to raise approximately £1.5 million in order to progress the Acquisition, the details of which are set out below and for working capital purposes. The Acquisition is still subject to, amongst other items, due diligence and the finalisation of legal documentation and in respect of the allotment and issue of the new 80 Mile ordinary shares pursuant to Stage 2, the passing of the Resolutions at the General Meeting. In the event that the Acquisition does not progress the monies from the Placing will be used to fund working capital, the Company's other projects and the pursuit of other acquisition opportunities.

Placing Details

- Placing of new Ordinary Shares to raise approximately £1.5 million (before expenses).
- Placing to be conducted via an accelerated bookbuild process launching today.
- The Placing Shares are being issued pursuant to the Company's existing shareholder authorities,
- The Placing Shares, assuming full take-up of the Placing, will represent approximately 15.96 per cent. of the Enlarged Share Capital.

Key Highlights:

- 80 Mile is proposing to acquire up to a 49% stake in Hydrogen Valley for a consideration of up to £2.0 million in cash and the issue of such number of new Ordinary Shares as is equal 29% of the Issued Ordinary Share Capital of 80 Mile (subject to shareholder approval). Further, 80 Mile would also have the option to increase to a 100% interest in HV exercisable at any time commencing on the date falling 12 months and one day from the date of exercise of the foregoing option and lapsing on the date falling 24 months from the date of exercise of such option, for an aggregate consideration of £6.05 million (to be satisfied in cash or by the issue of new Ordinary Shares in 80 Mile, the split of cash and shares to be determined at the time of exercise of the option).
- Hydrogen Valley, through its wholly owned subsidiary, owns the Greenswitch biofuels and chemical production complex in the Basilicata region of Italy (subject to certain payments, see Risk Considerations below).
- The Greenswitch refining facilities are located within a Special Economic Zone ("ZES"), which includes a free trade zone that would afford the Group numerous economic incentives and subsidies.
- Greenswitch's facilities include fully permitted plants suitable for (amongst other things) biodiesel, epoxidized soybean oil ('ESO') and glycerine, with a capacity of up to 140,000 tonnes/year.
- A fundraising of £1.5m by accelerated book build managed by Zeus Capital Ltd will be launched to support this transaction alongside the Company's existing cash resources.

- The acquisition has the potential to create a vertically integrated petrochemical division through large-scale production of biofuels and the expected introduction of SAF and hydrogen, with cash flow then available to develop the Company's other advanced petroleum exploration assets.
- **Revenue generation is expected during Q1 2025**, with potential for revenue growth with production being scaled up over the coming quarters and through expected expansion to include SAF and hydrogen.
- The Company's plans for the facilities align with European Union ('EU') and Italian government initiatives, and the Directors expect to position Greenswitch to attract substantial grant funding and energy transition support. Grant applications are underway.
- 80 Mile expects to be able to finalise offtake agreements for 100% of the anticipated Greenswitch production.
- Robert Price is to join the Group as CEO of the newly formed industrial gas and petrochemical business unit with Eric Sondergaard remaining 80 Mile group CEO and MD.

Short and Medium Term Targets for Greenswitch:

- Q1 2025: Restart ESO and biofuels production at expected initial capacities of 5,000 tonnes/year and 10,000 tonnes/year respectively.
- Q2 2025: Aim to ramp up biodiesel production to 50,000 tons/year following maintenance and supply chain formalisation.
- Secure approval of green hydrogen government grant of up to €10 million.
- Initiate planning for a SAF plant in conjunction with an international offtaker, with the aim to secure EU energy transition grants to support this.

Eric Sondergaard, Managing Director of 80 Mile, commented:

"This transaction could represent a transformative step for 80 Mile as we look to expand into sustainable and renewable energy markets. Hydrogen Valley and Greenswitch bring industry expertise in downstream processing, aligning perfectly with our long-term vision of building a fully vertically integrated business unit, covering Tier 1 metal and hydrocarbon exploration projects, to large-scale production of biofuels, sustainable aviation fuels, and industrial gases. If our due diligence is successful, which we have every reason to believe it will be, we expect to acquire a 49% interest in this project, following which we have the potential to increase to 100% for a further 12 to 24 months.

In the near term, the team at HV will focus on biodiesel and various distillates production, an activity that is modelled to produce significant annual revenue and will serve as a significant cash flow driver while we look to work towards scaling up the facility to produce the highly sought after Sustainable Aircraft Fuel and green hydrogen. This is not just an investment in technology but a commitment to reshaping the future of energy production and consumption across Europe. By restarting and scaling up Greenswitch's operations, we aim to deliver innovative and sustainable solutions that meet both environmental goals and shareholder expectations. We are also excited to welcome Robert Price, Gino Mazziotta and Mark Frascogna to the team, whose experience and leadership will be invaluable as we build out this new gas, green fuels and petroleum strategy."

Robert Price, Incoming CEO of the newly formed 80 Mile industrial gas and petrochemical business unit, commented:

"We are thrilled to start the integration of Greenswitch into 80 Mile's portfolio, as we look to address key decarbonisation challenges in aviation and heavy industry. Our focus will be on expanding production capacity while introducing SAF and green hydrogen to future-proof the business against evolving energy demands. This marks the beginning of an exciting chapter where sustainability meets profitability, and we look forward to delivering significant value for our stakeholders".

Greenswitch Project

Hydrogen Valley, a UK-based private company headquartered in London, operates in Italy through its subsidiary, Greenswitch (see: www.greenswitch.bio).

Located in Basilicata, a region known for its oil industry and home to major players such as Shell, Total, and ENI, Greenswitch is strategically positioned in the biofuels sector. Its facility in Ferrandina is currently undergoing final maintenance programmes to prepare for the start of production, with a focus on delivering biofuels & SAF initially, as well as green hydrogen in the future. The plant is located in a Special Economic Zones (SEZ) of ZES Ionica, which provides for the establishment of special benefits for companies located within it. ZES Ionica involves both Puglia and Basilicata, in particular the port and production area of Taranto, the airport area of Grottaglie and the industrial area of Melfi, Ferrandina and Galdo di Lauria. The SEZ (Legislative Decree "Decree of the South") can represent an opportunity to support Lucanian companies thanks to the reduction of the costs of product trade and tax breaks (tax credit up to €50 million and administrative simplification).

The Ferrandina plant is a fully integrated chemical facility, capable of producing biodiesel, biofuels, and epoxidized soybean oil (ESO). It has a production capacity of 120,000 to 150,000 tonnes of biodiesel annually and can process a diverse range of feedstocks thanks to its esterification and transesterification technologies. Initial

production will prioritise ESO and biofuels, with biodiesel output expected to reach 50,000 tonnes annually by the second quarter of next year. Additionally, the facility features advanced infrastructure, including a wastewater treatment plant, emission scrubbers, and a cogeneration unit for efficient energy use. These initiatives will provide cash flow from existing facilities before SAF and hydrogen production commences.

Strategically situated near the Port of Taranto, the plant enables efficient transport of raw materials and export of finished products. It also has a 16,000-cubic-metre tank farm for storage, with insulated, heated, and inerted tanks that preserve product quality. The site is expected to benefit from excellent rail connectivity, which reduces transportation costs.

In addition to existing operations, Greenswitch has ambitious plans for future development. HV hopes to secure a €10 million grant for the onsite construction of a green hydrogen production plant with an expected design capacity of 200 tonnes per annum. HV also intends to apply for further additional EU grants for the construction of a Sustainable Aircraft Fuel production facility, which would be designed with the aim to produce 40,000 tonnes per annum. A SAF facility located near key Mediterranean airports and abundant local feedstocks underscores its competitive potential in sustainable energy innovation and production.

The Ferrandina plant is the largest facility in the Valbasento valley and dwarfs nearby industrial sites in scale and storage capacity. It is fully permitted and supported by local communities eager for economic stimulus and job creation, with Greenswitch aiming to expand its workforce in the near term and contribute positively to the region's development.

Greenswitch's history of innovation is reflected in its two main production lines, which were last operational in early 2020:

- The epoxidized soybean oil (ESO) line, which was Italy's first such facility and from a technological perspective, the Directors understand it remains highly competitive for the production of ESO to the Italian and wider European markets. ESO is a key green chemistry product used as a plasticiser and stabiliser for PVC compounds. The production capacity of the plant for ESO is 10,000 tonnes annually but the maximum production authorised is 15,000 tonnes annually, and with minor modifications, it can produce high-value vegetable polyols.
- The biodiesel production line includes esterification and transesterification plants with a combined capacity of up to approximately 200,000 tonnes annually. These plants use innovative technology to process various raw materials, such as vegetable and animal oils, into biodiesel and other biofuels.

The facility also features auxiliary plants for refining vegetable crude glycerine and recovering methanol.

The laboratory is structured with research, development and innovation, and analysis, sections, all of which aim to refine the products and enable more effective and efficient production.

Greenswitch's SAF ambitions align with the European Union's goals for reduced carbon emissions and energy independence. With its integrated environmental permits, strategic location, and potential access to substantial development grants, the Directors believe Greenswitch is uniquely positioned to contribute to Europe's energy transition while generating significant economic value for the region.

Biofuels and Sustainable Aviation Fuel (SAF)

SAF is an eco-friendly alternative to traditional jet fuel, produced from renewable resources instead of fossil fuels, thereby significantly reducing the carbon footprint of aviation. SAF closely matches conventional jet fuel in composition, yet offers a lower carbon dioxide emissions profile across its lifecycle.

The Directors believe biofuels, particularly SAF, are critical to decarbonising sectors like aviation and heavy transport, where electrification remains challenging. 80 Mile seeks to employ a blend of feedstocks, including waste oils and advanced synthetic inputs, to produce SAF that meets stringent environmental benchmarks.

The International Energy Agency estimates that biofuels will account for 10% of transport energy demand by 2030. Greenswitch can help address this demand, combining innovation with sustainable practices to create a significant impact in the

European energy market. SAF is widely regarded as the aviation sector's primary path to reducing carbon emissions. In addition, Governments worldwide have established mandates for the production and use of SAF in the coming years.

Hydrogen

The Directors also believe that hydrogen is set to play a pivotal role in achieving net-zero emissions targets globally. As both an energy carrier and a feedstock for industrial processes, hydrogen offers unmatched versatility. 80 Mile, Greenswitch and Hydrogen Valley are actively exploring green hydrogen integration into their SAF and biofuels production processes.

Risk Considerations

Hydrogen Valley's continued ownership of Greenswitch is conditional on Hydrogen Valley making payments totalling between c.€2.5m and c€4.1m up to 30 June 2027 to the previous owner of Greenswitch, (the "**Previous Owner**") (the "**Primary Acquisition Payments**") pursuant to the terms of a sale and purchase agreement. In the event that Hydrogen Valley fails to make the Primary Acquisition Payments the Previous Owner can terminate the original acquisition agreement between Hydrogen Valley and Greenswitch, at which time ownership of Greenswitch will revert to the Previous Owner and pursuant to the Italian Civil Code it is likely, but not guaranteed, that all sums paid by Hydrogen Valley to the Previous Owner would be returned to Hydrogen Valley.

The amount payable as a Primary Acquisition Payment is dependant on whether the €10m government grant, referred to above, is granted to Greenswitch.

Hydrogen Valley does not currently have the funds to make all the Primary Acquisition Payments but in the event 80M completes the acquisition of a 100% interest in Hydrogen Valley, as set out in this announcement, the monies provided will ensure Hydrogen Valley can make all the Primary Acquisition Payments. If 80M does not acquire a 100% interest in Hydrogen Valley, and/or if Hydrogen Valley cannot source any other funding, there can be no guarantee that 80M's interest in the Greenswitch project will be maintained.

In addition, 80M does not currently have the funds, or shareholder authorities in place, to enable the completion of the proposed purchase of all of the issued share capital of Hydrogen Valley,

The Project is also subject to mortgages in excess of €12m which should have been discharged prior to Hydrogen Valley acquiring Greenswitch but due to administrative error they have not been actioned. The Directors intend that this matter will be resolved before 80M acquires a material interest in the Project. Greenswitch is the subject of various disputes before the Italian courts including the ownership of the Project. The Previous Owner has indemnified Hydrogen Valley against all associated costs, payments and legal expenses associated with these claims and Hydrogen Valley can suspend payments to the Previous Owner until such time as these payments are made. 80M will not take a material position in Hydrogen Valley until these matters are resolved.

The Placing

The Placing is being conducted by Zeus Capital as agent for the Company and as

broker in relation to the Placing. A placing agreement has been entered into between the Company and Zeus in connection with the Placing (the "**Placing Agreement**").

The Placing Shares are being offered by way of an accelerated bookbuild (the "**Bookbuild**"), which will open with immediate effect following the release of this Announcement, in accordance with the terms and conditions set out in Appendix III to this Announcement.

Each of Rod McIlree, Troy Whitaker and Eric Sondergaard as directors of the Company, have indicated their intention to participate in the Placing, by subscribing for Placing Shares.

A further announcement confirming the closing of the Bookbuild and the number of Placing Shares to be issued pursuant to the Placing is expected to be made in due course.

The Placing is not being underwritten.

The allotment and issue of the Placing Shares is conditional, inter alia, upon:

- Admission becoming effective by no later than 8.00 a.m. on or around 07 January 2025 (or such other time and/or date, being no later than 8.00 a.m. on 06 February 2025, as Zeus and the Company may agree);
- the conditions in the Placing Agreement in respect of the Placing Shares being satisfied or (if applicable) waived; and
- the Placing Agreement not having been terminated in accordance with its terms prior to Admission.

Accordingly, if any of such conditions are not satisfied or, if applicable, waived, the Placing will proceed.

The Placing Shares will be credited as fully paid and will rank pari passu in all respects with the existing Ordinary Shares then in issue, including the right to receive all future distributions, declared, paid or made in respect of the Ordinary Shares from the date of Admission. Assuming full take up of the Placing, the Placing Shares will represent approximately 15.96 per cent. of the Enlarged Share Capital.

Subject to satisfaction of the relevant conditions, it is expected that Admission will become effective, and dealing in the Placing Shares will commence, at 8.00 a.m. (London time) on or around 07 January 2025. Zeus has the right to terminate the Placing Agreement in certain circumstances prior to Admission, including (but not limited to): in the event that any of the warranties set out in the Placing Agreement are not true and accurate when given or the Company fails to comply with any of its obligations prior to Admission. Zeus may also terminate the Placing Agreement if there has been a material adverse change in national or international financial, political, economic, monetary or stock market conditions (primary or secondary) or an imposition of or compliance with any law or governmental or regulatory order, rule, regulation, restriction or direction which, in the opinion of Zeus, makes it impractical or inadvisable to proceed with the Placing or Admission. If this termination right is exercised, or if the conditionality in the Placing Agreement is not satisfied, the Placing will not proceed.

The timing of the closure of the Bookbuild, the number of Placing Shares and the allocation of the Placing Shares between Placees is to be determined at the discretion of the Company and Zeus.

A further announcement will be made following the closure of the Bookbuild, confirming the results of the Placing and a circular convening the General Meeting to consider the Resolutions is expected to be despatched shortly thereafter.

The expected timetable of principal events in connection with the Placing is set out in Appendix I to this Announcement.

AIM Rule 12 Disclosure

The proposed Acquisition is deemed to be a substantial transaction pursuant to AIM Rule 10. HV acquired the Project on 15 October 2024. HV was incorporated in July 2024 and no audited accounts or management accounts have been prepared for HV.

There has been an initial investment made by the owners of HV to purchase the shares of the previous owner of the Project for Euro 100,000 and there has been approximately a further Euro 110,000 spent by HV in relation to operational, employee and consultant costs from July 2024 to the date of this announcement.

Market Abuse Regulation

Market soundings, as defined in the UK version ("**UK MAR**") of the Market Abuse Regulation No. 596/2014 ("**EU MAR**"), which is part of English law by virtue of the European Union (Withdrawal) Act 2018 (as amended) were taken in respect of the Placing, with the result that certain persons became aware of inside information, as permitted by UK MAR. That inside information is set out in this announcement and has been disclosed as soon as possible in accordance with paragraph 7 of article 17 of UK MAR. Therefore, those persons that received inside information in a market sounding are no longer in possession of inside information relating to the Company and its securities.

Information to Distributors

Solely for the purposes of the product governance requirements contained within the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK Product Governance Rules"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the UK Product Governance Rules) may otherwise have with respect thereto, the Placing Shares have been subject to a product approval process, which has determined that the Placing Shares are: (i) compatible with an end target market of investors who meet the criteria of professional clients and eligible counterparties, each defined in the FCA Handbook Conduct of Business Sourcebook ("COBS"); and (ii) eligible for distribution through all distribution channels as are permitted by the UK Product Governance Rules (the "UK Target Market Assessment").

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended ("MiFID II"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "MiFID II Product Governance Requirements"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" and/or "distributor"

(for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the Placing Shares have been subject to a product approval process, which has determined that the Placing Shares are: (i) compatible with an end target market of: (a) investors who meet the criteria of professional clients and (b) eligible counterparties (each as defined in MiFID II); and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II (the "EU Target Market Assessment").

Notwithstanding the UK Target Market Assessment and the EU Target Market Assessment, distributors should note that: the price of the Ordinary Shares may decline and investors could lose all or part of their investment; such securities offer no guaranteed income and no capital protection; and an investment in such securities is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom.

Each of the UK Target Market Assessment and the EU Target Market Assessment is without prejudice to any contractual, legal or regulatory selling restrictions in relation to the Placing. Furthermore, it is noted that, notwithstanding the UK Target Market Assessment and the EU Target Market Assessment, Zeus will only procure investors who meet the criteria of professional clients and eligible counterparties each as defined under COBS or MiFID II, as applicable.

For the avoidance of doubt, each of the UK Target Market Assessment and the EU Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of Chapters 9A or 10A respectively of COBS or MiFID II, as applicable; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Placing Shares.

Each distributor is responsible for undertaking its own target market assessment in respect of the Placing Shares and determining appropriate distribution channels.

Persons (including, without limitation, nominees and trustees) who have a contractual or other legal obligation to forward a copy of this Appendix or the Announcement of which it forms part should seek appropriate advice before taking any action.

These terms and conditions apply to persons making an offer to acquire Placing Shares and should be read in their entirety. Each Placee hereby agrees with Zeus and the Company to be bound by these terms and conditions. A Placee shall, without limitation, become so bound if Zeus confirms to such Placee its allocation of Placing Shares.

Upon being notified of its allocation of Placing Shares, a Placee shall be contractually committed to acquire the number of Placing Shares allocated to it at the Placing Price and otherwise on the terms and conditions set out in this Announcement and, to the fullest extent permitted by law, will be deemed to have agreed not to exercise any

rights to rescind or terminate or otherwise withdraw from such commitment.

In this Appendix, unless the context otherwise requires, "Placee" means a Relevant Person (including individuals, funds or others) on whose behalf a commitment to subscribe for or acquire Placing Shares has been given.

Details of the Placing Agreement and the Placing Shares

Zeus and the Company have entered into a Placing Agreement, under which Zeus has, on the terms and subject to the conditions set out therein, undertaken to use its reasonable endeavours to procure subscribers for the Placing Shares at the Placing Price. The Placing is not being underwritten by Zeus or any other person.

The number of the Placing Shares will be determined following completion of the Placing. The timing of the closing of the Placing and the number and allocation of Placing Shares are at the discretion of Zeus, following consultation with the Company. Allocations will be confirmed orally or by email by Zeus following the close of the Placing. A further announcement confirming these details will then be made as soon as practicable following completion of the Placing.

The Placing Shares will, when issued, be subject to the Articles, will be credited as fully paid and rank *pari passu* in all respects with the Existing Ordinary Shares, including the right to receive all dividends and other distributions (if any) declared, made or paid on or in respect of Ordinary Shares after the date of issue of the Placing Shares.

Application for admission to trading on AIM

Application will be made to the London Stock Exchange for admission to trading on AIM of the Placing Shares. It is expected that settlement of the Placing Shares and Admission will become effective at 8.00 a.m. on or around 07 January 2025 and that dealings in the Placing Shares will commence at that time.

Placing

Zeus will today commence an accelerated bookbuilding process to determine demand for participation in the Placing by potential Placees at the Placing Price. This Appendix gives details of the terms and conditions of, and the mechanics of participation in, the Placing. No commissions will be paid to Placees or by Placees in respect of any Placing Shares.

Zeus and the Company shall be entitled to effect the Placing by such alternative method to the Placing as they may, in their discretion, determine.

The principal terms of the Placing are as follows:

1. Zeus is arranging the Placing as agent for, and broker of, the Company.
2. Participation in the Placing is only available to persons who are lawfully able to be, and have been, invited to participate by

Zeus

3. The bookbuild, if successful, will establish the number of Placing Shares to be issued at the Placing Price, which will be determined by Zeus, in consultation with the Company, following completion of the Placing. The results of the Placing, including the number of Placing Shares, will be announced on a Regulatory Information Service following completion of the Placing.
4. To bid in the Placing, prospective Placees should communicate their bid by telephone to their usual contact at Zeus. Each bid should state the number of Placing Shares which the prospective Placee wishes to subscribe. Bids may be scaled down by Zeus on the basis referred to in paragraph 8 below.
5. The timing of the closing of the Placing will be at the discretion of Zeus. The Company reserves the right to reduce or seek to increase the amount to be raised pursuant to the Placing, in its absolute discretion.
6. Allocations of the Placing Shares will be determined by Zeus, following consultation with the Company. Each Placee's allocation will be confirmed to Placees orally, or by email, by Zeus following the close of the Placing and a trade confirmation or contract note will be dispatched as soon as possible thereafter. Oral or emailed confirmation from Zeus will give rise to an irrevocable, legally binding commitment by that person (who at that point becomes a Placee), in favour of Zeus and the Company, under which it agrees to acquire by subscription the number of Placing Shares allocated to it at the Placing Price and otherwise on the terms and subject to the conditions set out in this Appendix and in accordance with the Articles. Except with Zeus's consent, such commitment will not be capable of variation or revocation.
7. The Company will make a further announcement following the close of the Placing detailing the results of the Placing and the number of Placing Shares to be issued at the Placing Price.
8. Subject to paragraphs 4 and 5 above, Zeus may choose not to accept bids and/or to accept bids, either in whole or in part, on the basis of allocations determined at its discretion (after consultation with the Company) and may scale down any bids for this purpose on such basis as it may determine. Zeus may also, notwithstanding paragraphs 4 and 5 above, subject to the prior consent of the Company, allocate Placing Shares after the time of any initial allocation to any person submitting a bid after that time.
9. A bid in the Placing will be made on the terms and subject to the conditions in the Announcement (including this Appendix) and will be legally binding on the Placee on behalf of which it is made and, except with Zeus' consent, will not be capable of variation or revocation from the time at which it is submitted.
10. Except as required by law or regulation, no press release or other announcement will be made by Zeus or the Company using the name of any Placee (or its agent), in its capacity as

Placee (or agent), other than with such Placee's prior written consent.

11. Irrespective of the time at which a Placee's allocation pursuant to the Placing is confirmed, settlement for all Placing Shares to be acquired pursuant to the Placing will be required to be made at the same time, on the basis explained below under "Registration and Settlement".
12. All obligations of Zeus under the Placing will be subject to fulfilment of the conditions referred to below "Conditions of the Placing" and to the Placing Agreement not being terminated on the basis referred to below under "Right to terminate the Placing Agreement".
13. By participating in the Placing, each Placee agrees that its rights and obligations in respect of the Placing will terminate only in the circumstances described below and will not be capable of rescission or termination by the Placee.
14. To the fullest extent permissible by law and the applicable rules of the FCA, neither Zeus, nor the Company, nor any of their respective affiliates, agents, directors, officers or employees shall have any liability to Placees (or to any other person whether acting on behalf of a Placee or otherwise whether or not a recipient of these terms and conditions) in respect of the Placing. In particular, neither Zeus, nor the Company, nor any of their respective affiliates, agents, directors, officers or employees shall have any liability (including to the extent permissible by law, any fiduciary duties) in respect of Zeus's conduct of the Placing or of such alternative method of effecting the Placing as Zeus and the Company may determine.
15. The Placing is not subject to any minimum fundraising and no element of the Placing is underwritten by Zeus or any other person.

Conditions of the Placing

The Placing is conditional upon the Placing Agreement becoming unconditional and not having been terminated in accordance with its terms.

Zeus 's obligations under the Placing Agreement are conditional on, *inter alia*:

1. the delivery by the Company to Zeus of certain documents required under the Placing Agreement;
2. the Company having fully performed its obligations under the Placing Agreement to the extent that such obligations fall to be performed prior to Admission;
3. the issue and allotment of the Placing Shares, conditional only upon Admission;
4. Admission becoming effective by no later than 8.00 a.m. on or around 07 January 2025 or such other date and time as may be agreed between the Company and Zeus not being later than

8.00 a.m. on 06 February 2025 (the "**Long Stop Date**");

5. the Placing Agreement not having been terminated by Zeus in accordance with its terms.

If: (i) any of the conditions contained in the Placing Agreement, including those described above, are not fulfilled or (where applicable) waived by Zeus by the respective time or date where specified (or such later time or date as Zeus may notify to the Company, being not later than the Long Stop Date); (ii) any of such conditions becomes incapable of being fulfilled; or (iii) the Placing Agreement is terminated in the circumstances specified below, the Placing will not proceed and the Placees' rights and obligations hereunder in relation to the Placing Shares shall cease and terminate at such time and each Placee agrees that no claim can be made by the Placee in respect thereof.

Zeus may, at its discretion and upon such terms as it thinks fit, waive, or extend the period for (subject to the Long Stop Date), compliance by the Company with the whole or any part of any of the Company's obligations in relation to the conditions in the Placing Agreement, save that the conditions relating to Admission taking place may not be waived. Any such extension or waiver will not affect Placees' commitments as set out in this Announcement.

Neither Zeus nor the Company nor any of their respective affiliates, agents, directors, officers or employees shall have any liability to any Placee (or to any other person whether acting on behalf of a Placee or otherwise) in respect of any decision they may make as to whether or not to waive or to extend the time and/or date for the satisfaction of any condition to the Placing nor for any decision they may make as to the satisfaction of any condition or in respect of the Placing generally and, by participating in the Placing, each Placee agrees that any such decision is within the absolute discretion of Zeus.

Right to terminate the Placing Agreement

Zeus is entitled, at any time before Admission, to terminate the Placing Agreement by giving notice to the Company in certain circumstances, including, *inter alia*:

1. if any of the warranties given by the Company in the Placing Agreement are not true and accurate or are misleading in any material respect when given;
2. the Company has failed to comply with its material obligations under the Placing Agreement in the period prior to Admission;
3. any significant change or new matter arises, or is likely to arise, as a result of which any of the conditions set out in the Placing Agreement will not be satisfied or (if capable of waiver) waived by the requisite time and/or date;
4. if any of the Transaction Documents is terminated, rescinded, repudiated or otherwise ceases to be in full force and effect or if any of the parties to it are in breach of any Transaction Document;
5. there has been any material change in, or any development

likely to involve a prospective material change in, or affecting, the condition (financial, operational, legal or otherwise), earnings, business, management, properties, assets, rights, results of operations or prospects of any Group company; or

6. there has been, or is reasonably likely to occur, a material adverse change in national or international monetary, political, financial or economic conditions or currency exchange rates or foreign exchange controls which in the opinion of Zeus has a material and adverse effect on the Placing or otherwise render the Placing temporarily or permanently impracticable or inadvisable.

The rights and obligations of the Placees will not be subject to termination by the Placees or any prospective Placees at any time or in any circumstances. By participating in the Placing, Placees agree that the exercise by Zeus of any right of termination or other discretion under the Placing Agreement shall be within the absolute discretion of Zeus and that Zeus need not make any reference to Placees in this regard and that neither Zeus nor any of its respective affiliates shall have any liability to Placees whatsoever in connection with any such exercise or failure so to exercise.

No Admission Document or Prospectus

The Placing Shares are being offered to a limited number of specifically invited persons only and have not been nor will they be offered in such a way as to require the publication of a prospectus in the United Kingdom or in any other jurisdiction. No offering document, admission document or prospectus has been or will be submitted to be approved by the FCA or the London Stock Exchange in relation to the Placing or the Placing Shares, and Placees' commitments will be made solely on the basis of the information contained in the Announcement (including this Appendix) and the Publicly Available Information. Each Placee, by accepting a participation in the Placing, agrees that the content of this Announcement is exclusively the responsibility of the Company and confirms that it has not relied on any other information (other than the Publicly Available Information), representation, warranty, or statement made by or on behalf of the Company or Zeus or any other person and neither Zeus, the Company nor any other person will be liable for any Placee's decision to participate in the Placing based on any other information, representation, warranty or statement which the Placees may have obtained or received and, if given or made, such information, representation, warranty or statement must not be relied upon as having been authorised by Zeus, the Company or any of their respective officers, directors, employees or agents. Each Placee acknowledges and agrees that it has relied on its own investigation of the business, financial or other position of the Company in accepting a participation in the Placing. Neither the Company nor Zeus are making any undertaking or warranty to any Placee regarding the legality of an investment in the Placing Shares by such Placee under any legal, investment or similar laws or regulations. Each Placee should not consider any information in this Announcement to be legal, tax or business advice. Each Placee should consult its own solicitor, tax adviser and financial adviser for independent legal, tax and financial advice regarding an investment in the Placing Shares. Nothing in this paragraph shall exclude the liability of any person for fraudulent misrepresentation.

Registration and Settlement

Following closure of the Placing, each Placee allocated Placing Shares in the Placing will be sent a trade confirmation or contract note in accordance with the standing arrangements in place with Zeus stating the number of Placing Shares allocated to it at the Placing Price, the aggregate amount owed by such Placee (in pounds sterling) and a form of confirmation in relation to settlement instructions.

Each Placee will be deemed to agree that it will do all things necessary to ensure that delivery and payment is completed as directed by Zeus in accordance with the standing CREST settlement instructions which they have in place with Zeus.

Settlement of transactions in the Placing Shares (ISIN: GB00BFD3VF20) following Admission will take place within CREST provided that, subject to certain exceptions, Zeus reserves the right to require settlement for, and delivery of, the Placing Shares (or a portion thereof) to Placees by such other means that it deems necessary if delivery or settlement is not possible or practicable within CREST within the timetable set out in this Announcement or would not be consistent with the regulatory requirements in any Placee's jurisdiction.

It is expected that settlement will take place in accordance with the instructions set out in the contract note.

Interest is chargeable daily on payments not received from Placees on the due date(s) in accordance with the arrangements set out above at the rate of 4 percentage points above the prevailing Bank of England base rate as determined by Zeus.

Each Placee is deemed to agree that, if it does not comply with these obligations, Zeus may sell any or all of the Placing Shares allocated to that Placee on such Placee's behalf and retain from the proceeds, for Zeus 's account and benefit (as agent for the Company), an amount equal to the aggregate amount owed by the Placee plus any interest due. The relevant Placee will, however, remain liable and shall indemnify Zeus on demand for any shortfall below the aggregate amount owed by it and may be required to bear any stamp duty or stamp duty reserve tax or securities transfer tax (together with any interest or penalties) which may arise upon the sale of such Placing Shares on such Placee's behalf. By communicating a bid for Placing Shares, each Placee confers on Zeus such authorities and powers necessary to carry out any such sale and agrees to ratify and confirm all actions which Zeus lawfully takes in pursuance of such sale. Legal and/or beneficial title in and to any Placing Shares shall not pass to the relevant Placee until it has fully complied with its obligations hereunder.

If Placing Shares are to be delivered to a custodian or settlement agent, Placees should ensure that the form of confirmation is copied and delivered immediately to the relevant person within that organisation.

Insofar as Placing Shares are registered in a Placee's name or that of its nominee or in the name of any person for whom a Placee is contracting as agent or that of a nominee for such person, such Placing Shares should, subject as provided below, be so registered free from any liability

to UK stamp duty or stamp duty reserve tax or securities transfer tax. Neither Zeus nor the Company will be liable in any circumstances for the payment of stamp duty, stamp duty reserve tax or securities transfer tax in connection with any of the Placing Shares. Placees will not be entitled to receive any fee or commission in connection with the Placing.

Representations, Warranties and Further Terms

By participating in the Placing, each Placee (and any person acting on such Placee's behalf) irrevocably makes the following representations, warranties, acknowledgements, agreements and undertakings (as the case may be) to Zeus for itself and on behalf of the Company:

9. that the Placing Shares have not been and will not be registered under the Securities Act, or under the securities legislation of, or with any securities regulatory authority of, any state or other jurisdiction of the United States and accordingly the Placing Shares may not be offered, sold, pledged, resold, transferred, delivered or distributed into or within the United States except in compliance with the registration requirements of the Securities Act and applicable state securities requirements or pursuant to exemptions therefrom;

treated as client money within the meaning of the rules and regulations of the FCA. Each Placee further acknowledges that the money will not be subject to the protections conferred by the FCA's client money rules. As a consequence, this money will not be segregated from Zeus 's (or its nominee's) money in accordance with such client money rules and will be used by Zeus in the course of its own business and each Placee will rank only as a general creditor of Zeus;

24. that it will (or will procure that its nominee will) if applicable, make notification to the Company of the interest in its Ordinary Shares in accordance with the requirements of Chapter 5 of the Disclosure Guidance and Transparency Rules of the FCA);

37. that it acknowledges that these terms and conditions and any agreements entered into by it pursuant to these terms and conditions shall be governed by and construed in accordance with the laws of England and Wales and it submits (on behalf of itself and on behalf of any person on whose behalf it is acting) to the exclusive jurisdiction of the English courts as regards any claim, dispute or matter arising out of any such contract, except that enforcement proceedings in respect of the obligation to make payment for the Placing Shares (together with any interest chargeable thereon) may be taken by the Company or Zeus in any jurisdiction in which the relevant Placee is incorporated or in which its assets are located or any of its securities have a quotation on a recognised stock exchange;
38. that any documents sent to Placees will be sent at the Placees' risk. They may be sent by post to such Placees at an address notified to Zeus;

43. that its allocation (if any) of Placing Shares will represent a maximum number of Placing Shares which it will be entitled, and required, to acquire, and that Zeus and/or the Company may

call upon it to acquire a lower number of Placing Shares (if any), but in no event in aggregate more than the aforementioned maximum; and

44. that if it has received any confidential price sensitive information concerning the Company in advance of the publication of this Announcement, it has not: (i) dealt in the securities of the Company; (ii) encouraged, required, recommended or induced another person to deal in the securities of the Company; or (iii) disclosed such information to any person, prior to such information being made publicly available.

The Company, Zeus and their respective affiliates will rely upon the truth and accuracy of each of the foregoing representations, warranties, acknowledgements and undertakings which are given to Zeus for itself and on behalf of the Company and are irrevocable.

The provisions of this Appendix may be waived, varied or modified as regards specific Placees or on a general basis by Zeus.

The agreement to settle a Placee's subscription and/or purchase (and/or the subscription of a person for whom such Placee is contracting as agent) free of stamp duty and stamp duty reserve tax depends on the settlement relating only to a subscription by it and/or such person direct from the Company for the Placing Shares in question. Such agreement assumes that the Placing Shares are not being subscribed for in connection with arrangements to issue depositary receipts or to transfer the Placing Shares into a clearance service. If there are any such arrangements, or the settlement relates to any other subsequent dealing in the Placing Shares, stamp duty or stamp duty reserve tax may be payable, for which neither the Company or Zeus will be responsible, and the Placee to whom (or on behalf of whom, or in respect of the person for whom it is participating in the Placing as an agent or nominee) the allocation, allotment, issue or delivery of Placing Shares has given rise to such UK stamp duty or stamp duty reserve tax undertakes to pay such UK stamp duty or stamp duty reserve tax forthwith and to indemnify on an after-tax basis and to hold harmless the Company and Zeus in the event that any of the Company and/or Zeus have incurred any such liability to UK stamp duty or stamp duty reserve tax. If this is the case, each Placee should seek its own advice and notify Zeus accordingly.

In addition, Placees should note that they will be liable for any stamp duty and all other stamp, issue, securities, transfer, registration, documentary or other duties or taxes (including any interest, fines or penalties relating thereto) payable outside the UK by them or any other person on the subscription or purchase by them of any Placing Shares or the agreement by them to subscribe for or purchase any Placing Shares.

All times and dates in this Announcement (including the Appendices) may be subject to amendment. Zeus shall notify the Placees and any person acting on behalf of the Placees of any changes.

This Announcement has been issued by, and is the sole responsibility, of the Company. No representation or warranty express or implied, is or will be made as to, or in relation to, and no responsibility or liability is or will be accepted by Zeus or by any of its respective affiliates or agents as to

or in relation to, the accuracy or completeness of this Announcement or any other written or oral information made available to or publicly available to any interested party or its advisers, and any liability therefore is expressly disclaimed.
